PROPOSED ROUTES FOR THE EAST WEST OXFORD CAMBRIDGE VARSITY RAIL LINE

The East West Railway Company are working with Network Rail to develop a number of possible route options, in collaboration with local authorities and rail industry stakeholders, on the proposed new train line between Oxford and Cambridge.

There are a number of options for the preferred route for the above project which will each impact **Meldreth** in different ways. These options have been announced in the media .

It is understood that only one option will be published for consultation and that preferred option will be announced in the fourth quarter of 2018.

There is a proposal from the local group CamBedRailRoad to offer an alternative route which has not been put forward as an option by Network Rail. This can be seen and reviewed at www.cambedrailroad.org.

If you would like your say, you may do so, via the CamBedRailRoad website on the proposed route.
